January 2009

Dear Sir,

I am currently resident in Bangkok. I am French and my CV/resume is attached.

I have significant instructional and training experience, both in my professional field and in the teaching of the French language.

I am seeking a position offering new challenges on which I can bring to bear the skills and experience I already possess.

I thrive on and enjoy hard work. Reliability and enthusiasm are personal prerequisites in all work I undertake.

I wish to further my career in Thailand and am confident I can make a valuable contribution to your establishment.

Sincerely,

Pierre Jussy
